The card should not be signed until this ruling is given.

The Match Committee is responsible for rules adjudications; Member disciplinary matters; course set-up and any matters pertaining to the playing of golf at Claremont Golf Club. The committee is made up of three board members (Captain, Vice-Captain and one Director).

Please ensure that you are aware of local rules which are displayed in the cabinet outside the main entrance to the Clubhouse.

Our Dress Code is aimed at achieving a neat and tidy appearance appropriate to golf. Members and visitors should always appear neat and well dressed - dressing accordingly shows respect for yourself, your Club, and the game of golf. ETIQUETTE

Members are expected to pay close attention to:

- The rules of golf
- The etiquette of the game
- The local rules; and
- Regulations governing conditions of play

Etiquette is fundamental to the way members conduct themselves on the course. By following these rules, you are displaying respect for the golf course, fellow members and visitors.

RULE 3 - PACE OF PLAY

During competition it is particularly important to be aware of one's position in the field and pace of play. The Board expects that members will **always** implement the following practices.

- Players should make it their objective to complete their round of golf in 4 hours or less.
- Groups must maintain their position in the field at all times. This will ensure the field is compact and playing times will be kept to a minimum.
- Players searching for a ball should allow other players coming up to pass them as soon as practical. They should signal to the players following them to pass and they should not continue with their play until those players have passed and are out of range. The 3-minute search rule should be applied when searching for a player's ball.
- Players are obliged to pick up immediately they realise that they will fail to score in a stableford or par event.
- Calling up on par three's is not permitted unless in the event a ball is lost or you are calling a faster group through, care should be taken to ensure the safety of all players at all times.
- To ensure an appropriate pace of play, ready golf should be adopted by all groups. This is a requirement of the rules of golf.
- When the play of the hole has been completed players should immediately leave the green and mark their cards at the next tee.

RULE 4 - CARE OF THE COURSE

- Do not traverse the putting green with a bag or buggy or place your bag or clubs on the putting green.
- Practice on any area of the course (fairways, bunkers, greens rough and hazard areas) is limited to a maximum of two balls. Use practice areas provided should you wish to play more than two balls.
- Members should protect the trees and shrubs growing around the course.

- Players shall at all times co-operate with the course staff and allow them to perform their tasks. Course staff have right of way on all areas of the course.
- Players using suction or other devices to retrieve their golf ball from the hole after putting should ensure that the shaft of their club does not come in contact with the sides of the hole causing any damage or indentation to the hole. The flagstick must be removed from the hole when retrieving your ball.
- Players should ensure that when dropping clubs, no damage is done to the putting green and that neither they nor their caddies damage the holes by standing close to the hole or when handling the flagstick. The flagstick when removed from the hole should be handed to another player and not dropped or placed on the green. The flagstick should be properly replaced in the hole before players leave the putting green.
- A player should ensure that any turf cut or displaced on the course is repaired/replaced immediately and sanded. A sand bucket should be carried at all times. Damage to the putting green made by the ball or the player is to be carefully repaired.
- Before leaving a bunker, a player should carefully rake the bunker in the direction that it faces the hole. Please leave the rake in the bunker with the handle facing the direction in which the hole is played.

RULE 5 - OTHER IMPORTANT ETIQUETTE REQUIREMENTS

- No one shall move or stand close to or directly behind the ball or the hole while a player is addressing the ball or making a stroke, particularly when putting.
- No player shall play until the players in front are out of range. If a group fails to keep pace on the course and loses more than one clear hole on the players in front it must allow the group following to pass through. In the interest of all, players should play without delay.
- The lowest marker in each playing group is deemed to be responsible for the conduct and etiquette of the group, including the pace of play.

- If you can arrange your play with this in mind, you will not only conform to the requirements, but you will be able to play with rights equal to the remainder of the field. If you do not conform to the field groupings you must always give way to players following you, excepting in the case of single events where a two has equal rights with the normal three or four.
